HARVEST UTTO

Product Description:

Harvest UTTO is a modern Universal Tractor Transmission Oil for transmissions, hydraulics, final drives and wet brake systems for agricultural and construction machinery. The very latest agricultural machinery in the modern intensive farming environment needs the protection of a high quality lubricant. Multi-purpose oils are a good compromise but many manufacturers have realised the benefits of using lubricants specifically designed for a given application.

Harvest UTTO is blended from carefully selected mineral base oils and the very latest in additive technology to produce a specialised lubricant to meet the latest and most severe transmission requirements. It meets the demands of most agricultural transmission specifications and greatly reduces wet brake noise and chatter. It offers outstanding anti wear performance under the most severe conditions.

Applications:

Harvest UTTO is suitable for most modern tractor transmissions, hydraulics, final drives and wet brake systems.

Benefits:

- Outstanding anti-wear protection
- Meets the very latest OEM requirements
- Helps reduce wet brake noise and chatter
- Excellent low temperature properties

Availability:

This product is available in:
200 liters.
